Última hora | Depois de Macron e Rutte, Trump publica mensagem privada de Montenegro

Thank you to Luis Montenegro, the PM of Portugal!

LM

Luis Montenegro 

Your excellency, supreme leader and great architect of our modern times,

I am writing to you today still energized by the sheer magnitude of your recent achievements and because I know you value a great deal.

While others in Europe might complain about your tariff policies, I see them for what they are: a demand for excellence and loyalty. Portugal does not want to be just another "EU country" to you, we want to be your primary partner in the Atlantic.

To that end, we are willing to discuss a vision that would secure American sovereign access to our Azores islands.

While the rest of Europe pays for their mistakes, let Portugal be the exception.
